PROJECTS

Driveway Blasters | Business Showcase

drivewayblaster.com

- Engineered a visually compelling, SEO-optimized website aimed at attracting organic traffic, showcasing services and building a strong, professional brand image that resonates with potential customers
- Developed a fully responsive front-end using Next.js and TypeScript, resulting in 108 organic clicks and 2,212 impressions within the first 4 months, achieving a 4.9% click through rate (CTR)

CaliGo | Discover Hidden Gems

github.com/ericrisher/caligo

- Developed a TypeScript Progressive Web App enabling users to discover and share hidden spots around their state, features an interactive map, recent posts feed, and submission functionality for user-generated content
- Implemented a custom web server and database using Next.js, JavaScript, and SQL, ensuring secure and efficient data handling while delivering a robust and seamless user experience

Quantum Byte | Developer Blog

github.com/ericrisher/tech-blog

- Engineered a full-stack tech blog platform with secure login and account management using Bcrypt, Express.js, and SQL, enabling users to create, manage, and interact with content securely and efficiently
- Implemented full CRUD functionality and dynamic content rendering with Express.js and Handlebars, enhancing user engagement and providing a seamless interactive experience

WORK EXPERIENCE

Co-Founder / Lead-Developer, Driveway Blasters LLC

January 2024 - Present

- Established and grew a successful pressure washing business from the ground up, developing a strong customer base and achieving consistent growth
- Managed most aspects of business operations, including marketing, client acquisition, scheduling, and financial management, as well as fully developing the business website

Server / Cashier, Chantilly's Ice Cream – Laguna Beach, CA

April 2022 - February 2024

- Managed high volume transactions with precision, handling up to \$10,000 of cash per shift, ensuring data accuracy and attention to detail
- Enhanced customer service by working closely with the team to address customer needs, demonstrating the importance of user experience and effective communication
